Who Shared with Fowler In the Missing \$55,000

Revealed In Examination Of Bank Of Nova Scotia Books

(Bulletin Special.)

Toronto, Oct. 3.—The result of the examination of the books of the Bank of Nova Scotia has disclosed to the insurance commission the manner in which some of the \$55,000 received by Mr. Fowler, M.P., from Peter Ryan in connection with the Kamloops Lumber Co. purchase was disposed of. The names of Foster, Clark, Bennett, Lefergus, Mackenzie and Mann, Pardee, Rufus H. Pope and Penchen appeared in the bank ledger as recipients of money from Fowler, Pope and Fowler. There was a number of other payments against which the names of the recipients did not appear in the books.

The \$55,000 referred to was the difference between the \$225,000 given Mr. Fowler to purchase the property and the \$170,000 which the evidence showed had been paid for it.

Inspect Coal Shaft

Canadian Northern People Take Look
At Hole on Rosedale Property
Today

A. E. James, general manager of the Canadian Northern, O. H. Clark, solicitor for the same company, and Messrs. Campbell and Armelago of Winnipeg arrived in the city last night. Mr. James' private car being attached to the C.N.R. regular train. This morning, escorted by Joseph Morris, they went out to the Rosedale subdivision to inspect the coal shaft which is being sunk close to the Belmont school.

The shaft is being sunk by a private company, in which Joe Morris and Chas. May of this city, and A. E. James and R. J. Mackenzie of the Canadian Northern are interested. They have 960 acres of coal rights and purpose to sink the shaft which they are now putting down to the second seam. The shaft is now down 100 feet, and 20 men are employed pushing the work along. They hope to be in the market for this winter's coal supply. The market for coal along the C.N.R. is expanding enormously, with no adequate supply in sight, and the projectors of the Belmont shaft anticipate working on an enormous scale in the near future.

Voting Tomorrow

G.T.P. Agreement Will Be Submitted
For Ratification To Ratepayers

Tomorrow is voting day on the G.T.P. agreement, when the ratepayers will be given a chance to ratify or reject the deal made by the city council with the Grand Trunk Pacific.

The by-law which will be presented to the ratepayers is one for the raising of \$175,000 which is to be used for the purpose of acquiring the right-of-way for the G.T.P. south of the C.N.R. track from the eastern boundary of the city limits to First street.

Voting commences at 9 a.m. and closes at 5 p.m. in the council chamber of the city hall. All bona fide owners of taxable property whose names were on the voters' list used at the last annual election are entitled to vote.

Prisoner Escaped

Italian Sent Up For Trial For Stabbing Rogains His Freedom

(Bulletin Special.)

Dauphin, Man., Oct. 3.—Dunn, the Italian, who was sent up for trial on Tuesday for stabbing M. McCarthy, about two weeks ago, made his escape this morning and notwithstanding that officers are in pursuit of him, he has not been recaptured up to a late hour tonight.

Two Thousand Votes

List Being Prepared By Assessor Will
Be Double Last Year's

Having completed the assessment, the city assessor is now busy preparing the voters' list, which must be ready by November 15th. It is early yet to speak with any degree of certainty, but the indications are that there will be over 2,000 voters on the list at the next municipal election—more than twice as many as at the last.

Clerks Wounded

San Francisco Bank Robbers Made
A Haul

(Bulletin Special.)

San Francisco, Oct. 3.—Armed with revolvers and pieces of gas pipe, two robbers entered the Japanese bank, Kimmen Ginko also known as the Golden Gate bank at 1588 Farrell St., at noon today and after probably fatally beating two clerks, escaped with \$5,000 in gold.

THE WEATHER

Winnipeg, Oct. 3.—The weather has been fair and moderately warm at most places in Manitoba, while throughout Saskatchewan and Alberta it has been cool with light scattered showers of rain.

Forecast—Manitoba and Saskatchewan, fresh to strong west to northwest winds, mostly fair and cool; a few light local showers, Friday fair and cool.

LIBERAL BANQUET

The Liberals of Edmonton will tender a banquet to Hon. Frank Oliver, Minister of the Interior, on Friday night, Oct. 5th, in the Thistle rink.

The banquet begins at 8.30. The supper will be provided by the Prince Arthur cafe and Clarke's orchestra of twelve pieces will render music during the evening. The rink will be comfortably heated and beautifully decorated.

The toast list will include: "Senate and House of Commons," replied to by Senators Talbot, DeVeber, Roy and Dr. McIntyre; "Our Guest," Hon. Frank Oliver; "Alberta Legislature," Hon. W. H. Cushing; "Hon. W. T. Finlay; "The Liberal party," Duncan Marshall; Dr. Clarke of Oils, and Dr. Stewart of Calgary.

Distinguished Liberals, including members of the Provincial Legislature from all parts of Alberta will be in attendance and the banquet promises to be the greatest event of its kind ever held in the Province.

Among those who have already signified their intention to be present are: W. C. Simons, M.P.P., Lethbridge; J. T. Moore, M.P.P., Red Deer; G. G. Goetzlich, M.P.P., O. W. Smith, Red Deer; Hon. Peter Talbot, Lacombe; W. F. Puffer, M.P.P., Lacombe; A. B. Mackenzie, Penhold; Dr. Stewart, Calgary; James Stuart, Calgary; N. D. Mills, Strathcona.

Tickets may be had from Messrs. Hanson, Mackinnon, McLeod, and Lessard.

A meeting of the Liberal executive will be held this evening at 9 o'clock, at which all members of the executive and all those who are selling tickets are requested to attend.

Miners Entombed

Explosion In Virginia Mine May Cost
Seventy-Five Lives

(Bulletin Special.)

Bluefields, W. Va., Oct. 3.—By an explosion in the Pocahontas mine today about seventy-five miners were entombed. The work of rescue is greatly delayed by the scarcity of brattice clothes. Fire is reported to have broken out. Definite results will not be known for at least twelve hours. Great excitement prevails.

CLEVELAND STREET CAR FATALITY.

Cleveland, O., Oct. 3.—A street car bound for Euclid Beach jumped the track last night, plunged into the bank, and overturned, with fifty passengers aboard. Three were killed and 17 seriously injured. The fatally injured were Walter Naxwell, 22 years old; Enclid; Mrs. O. Cleve, Norwalk; and Harvey Bingham.

Maxwell was standing on the platform talking to Miss Hazel Hudson, his fiancée, when the accident occurred. They were to be married next Monday.

Smelters May Close

Cannot Obtain Coke Owing To
Creek Strike

(Bulletin Special.)

Fernie, B.C., Oct. 3.—The strike at Coal Creek is having wide spread results. Owing to the shut down of the mines the smelters throughout the boundary and East Kootenay country are unable to secure supplies of coke and unless relief is obtained before next week the smelters and tributary mine will be compelled to close.

ONE SURVIVOR ONLY.

Lorient, France, Oct. 3.—The mate and sole survivor of the French steamer "Coat Coal" has landed at Genoa. After the vessel sank the crew, numbering 13, clung to floating bits of timber. One by one they dropped out. Texier was the only man able to keep his head above water until picked up by a Norwegian steamer. "Coat Coal" left Lorient on September 15th for New Port, England and was never heard from again.

Courts Martial Busy

Whole Russian Fleet Was Affected
By August Mutiny

(Bulletin Special.)

St. Petersburg, Oct. 3.—The court-martial at Cronstadt today began the trial of the three ringleaders of the mutiny on board the torpedo gunboat Zazanatz on August 2nd. Next week the court will begin the trial of 250 members of the crew of the battleship Alexander 2nd., who refused to obey Captain Petrovich's orders to enter the ship's boats and assist in suppressing the mutiny at Cronstadt. A court-martial at Libau found twenty-three sailors of the transport Riga guilty of mutiny in August last and has sentenced them to various terms of imprisonment at hard labor. The serious news of the August mutiny was revealed at the court-martial since held at Cronstadt, Heligoland, Revel, Riga, Liabu, and practically every Baltic port, showing that the whole fleet was honeycombed with sedition.

James Carruthers of Montreal Would Give 25 Acres At West End Of City Limits Free

James Carruthers of Montreal, has made an offer to the Provincial Government of 25 acres for a site for the Alberta parliament buildings which he proposes to turn over free on condition that the land be used for that purpose.

The land in question is an ideal one for public buildings. It adjoins the city limits on the west, being a mile and a half from the corner of Jasper and First. The eastern boundary is the ravine just to the west of Mr. Groat's residence, the last house within the city limits. The northern boundary is Athabasca avenue and the southern boundary the Saskatchewan river. The western boundary is made by the survey which is construed to include 25 acres.

The site overlooks the Saskatchewan at a bend in the river which gives a beautiful scenic panorama of the river both up and down stream. It is situated on a promontory 120 feet above high water mark offering opportunities for terracing and landscape gardening afforded by few other sites. Mr. Round, of the Carruthers-Round Co., states that the dome of the Capitol buildings which according to the plans is to be 140 feet high would be visible for twenty miles east of the city and for a long distance north and west. As the site extends right to the river it would be free from the danger of being at any later date cut off or intruded upon by unsightly factories or mills, with a street car line it could be reached in 10 minutes from the heart of the city.

No reply from the government has yet been received but it is understood that Mr. Carruthers offer is under advisement.

General Conference

Was Conservative In Its Treatment
Of Church Matters

Principal Riddell, of Alberta college, has arrived home from Montreal, where he was in attendance as delegate from Alberta to the general conference of the Methodist church, which meets every four years. The principal expresses himself as pleased with his trip and with the success of the conference.

The general conference is composed of representatives elected from all parts of the Methodist church, in Canada, Newfoundland and Japan. It is the supreme legislative body of the Methodist church and controls the great departments of the church's activities, as missionary enterprises, educational and publishing interests, Sabbath schools, and young people's societies.

The conference comprised three hundred delegates, which includes one minister and one layman representing every twelve minutes in the Methodist church according to the census of 1901 which totals about a million of members and adherents or one-sixth of the population of the Dominion.

The conference lasted from the 12th to the 28th of September, and on the whole, showed a distinctly conservative temper, few changes of far-reaching importance being made.

The principal matters that engrossed the attention of the delegates were the administration of the missionary society, the educational interests and the pastoral term. In future the administration of the missionary society will be under a general board with two secretaries, with one fund. Possibly the most interesting debate of the whole conference was on this point, the division of the secretariat. Henceforth one secretary will look after the foreign and the other after the home missions.

A new departure takes place in the educational management of the interests of the church and has the evidences of great promise for the future. Educational matters were formerly managed by a secretary who did as he pleased and formulated his own policy. Now the management is under a board, with supreme control in raising money and making grants to the various colleges of the church. Dr. Potts is nominally the secretary, but is really honorary secretary.

The board will appoint a new man who will be secretary in fact, and who will initiate a new policy. It is confidently expected that a very energetic forward movement will result in these matters.

Another important move was the provision for a connexional paper west of the Great Lakes. The paper will be started in Winnipeg at the discretion of the Educational Board.

The next important action was the appointment of a secretary who shall devote his whole time to the interests of Sabbath schools and young people's societies west of the Great Lakes. "It was quite evident," said Dr. Riddell, "the west could get what it wanted. The conference had unbounded faith in the possibilities of the west." The new secretary will be appointed at Christmas, and will assume his office next July. The name of Rev. C. H. Huestis, pastor McDougall Church, Edmonton, has been mentioned as the secretary to be appointed.

The much debated question of the "footnote" received scant attention from the conference, and the question of rules was relegated to a committee to report at the next conference.

The pastoral term received warm attention, and after a protracted debate it was decided to continue the four year limit. It is interesting to note that it was the laymen who were strongly in favor of the four year limit.

The question of admitting women to the courts of the church was as usual a burning question, but was voted down by a large majority owing to hearing of the question on the proposed union of the churches.

The union question received the hearty endorsement of the whole conference and the report of the committee on union received the approbation of the conference and were instructed to continue negotiations. The outlook for union is hopeful.

The Methodist Church has made substantial progress since the last conference, and four years ago, showing increases in every department, and adding 25,000 to

her membership in the interval.

Principal Riddell says Montreal gave a splendid reception to the conference. Montreal has the last five years, having increased her population by 97,000, which is greater than the entire population of Winnipeg.

Through Ontario and Quebec times are very prosperous, and prices of farm produce were never so high as now.

Mr. P. E. Butchart, of Edmonton, enjoys the honor of being assistant secretary to the general conference.

will undoubtedly have many good towns along its line, as it runs through very fine farming districts, but Vegreville will be the best town on its line west of Portage la Prairie, because of the vast fertile territory of rich farming land that is directly tributary to it. Brandon and Portage la Prairie are splendid towns, because they are trading centres of rich farming districts. Winnipeg does not hurt either town, because Winnipeg is a different sort of town; Edmonton will not hurt Vegreville because it is a different sort of a town. Vegreville is seventy-three miles from Edmonton, and Portage la Prairie is only fifty-six miles from Winnipeg. This illustrates clearly the point that we desire to make. Rife & Kenwood have lots for sale in Vegreville at a low price, that are very good, and they are bound to advance.

Tame Session

Erroneous Impression of I.O.F. Profits in Land Transaction

Toronto, Sept. 28.—The proceedings before the Insurance Commission yesterday were tame, after the striking disclosures of recent sessions. The Woodmen of the World were under investigation and little of interest transpired in the evidence of Mr. W. C. Fitzgerald, head clerk of the institution. Before proceeding with the business of the day, Mr. Shepley called attention to the fact that an erroneous impression had been created that the I. O. F. benefited to the extent of \$750,000 from investments in land and lumber. He explained that the statement placed on record by Mr. Stevenson was put in simply for the purpose of showing the meritorious nature of the investments from a financial standpoint. The profits from all the investments enumerated, however, will not accrue to the I.O.F. as they were not interested directly in some of the lands.

Sir John A. Boyd supplemented his statement of the previous day by a further explanation in which he made it clear that he had not in any way endorsed the proposition that the syndicate composed of Messrs. McGillivray, Foster and Wilson, having put nothing into the transaction should receive \$25,000 profit on the turn over of the Pope-Fowler Lands and afterwards share in the profits of the sale of the land.

Sir John A. Boyd again went into the box voluntarily in order to make a supplementary statement to that given by him previously. Sir John said: "I would like with the permission of the board, just to supplement what I said last night—I am aware I am under oath—lest there might be any mistaken impression or any injustice done to anybody, I have been thinking the matter over. While I cannot recollect just the details, I may have said to Mr. Wilson in my interview with him that it was competent for this company and this syndicate to enter into this joint deal and that there might be proper compensation made if the syndicate required that as a condition. They being an independent concern and having it in hand might say the terms on which they might come in; if that was satisfactory and acceptable to all parties concerned than that might be carried out."

"That may be the origin of this \$25,000 that we have heard about although I do not recollect it in that shape, but if it was carried out in that

way that is one thing; but what was presented to my mind in advising Mr. Wilson was not so much that as that there was going to be a substantial payment on the part of this syndicate; it was to a joint concern; it was to be a partnership concern. If the transaction had been understood by me to be this, that there was to be a sum of money paid to them, such as \$25,000 or anything else, and they to be putting nothing in, then the transaction would have assumed a very different form; that would have been then really a purchase of all the syndicate's interests and all the profits should have gone to the trust company and the syndicate should have gone out.

"If they were going on as a joint concern, which I understand was the case, my recollection is very clear. I have no doubt at all about that, that it was on the basis of their paying their proper share of the concern, and their right to get profits would be only based on the money they put in out of their own pockets. The idea never entered my mind, never was communicated to me, that this transaction was to be one in which the company should advance the whole money and the gentlemen who put nothing in should reap the profits. That certainly was not a transaction I could have sanctioned in any shape or form."

"I just mention that in case it might be thought there was some misapprehension about this \$25,000. That bonus given in that was certainly would not have been carried out to my mind properly by giving a share of the profit. If that was representing the price which they charged the company to come in all parties agreeing to that, that should have been the end of it. It seems to me an anomalous thing to put that in as a profit-sharing fund, in competition with gentlemen who were paying as I thought all these gentlemen were paying their proper share. That is the explanation I wish to give, as the matter was in my mind. I thought perhaps that might simplify it."

The syndicate referred to by Sir John in his statement was composed of Mr. John A. McGillivray, Supreme Secretary of the I.O.F.; Hon. Geo. E. Foster, Managing director and Mr. Matthew Wilson, K.C., solicitor of the Union Trust Company, who became possessed of a half interest in the option obtained by Messrs. Pope and Fowler from the C.P.R. and transferred by them through the Union Trust Company to the Great West Land Company, on 200,000 acres of land in the Northwest. A condition of the transfer of the lands from the Union Trust Company to the Great West Land Company was that there should be an advance in price which would net the syndicate 50 cents an acre.

Northern Crop

Splendid Yield And Not Damaged By Frosts

Writing from Lesser Slave Lake on August 11, F. E. Mahoney, of Revillon Bros.' staff says:

"I think if Mr. Macoun was up in this country now that he would retract all of the erroneous statements about this country which he made in Ottawa a few years ago. The crop on Prairie River, about twelve miles from here is excellent. Oats will yield one hundred bushels to the acre and a first class quality, these are being harvested at present. Barley was harvested three weeks ago and turned out well. Fall wheat has been grown successfully this past season at Prairie River Settlement, and the grain is an excellent sample. At Peace River grain was cut on August 2, and this was not grown in the valley, but on the table land by Thos. Griffin. He also tells me that his vegetable crop is an excellent one. His place is four miles from Old Wives Lake. No doubt you heard of the numerous attempts to grow wheat at this lake by the late Rev. Mr. Brick. Every year the grain was frozen. Mr. Griffin had a field of fifteen acres of wheat, and this is now standing in the stack and not the slightest touch of frost. I think that this proves clearly that wheat can be grown successfully on the table land between Peace River Landing and Dunvegan."

"This is as fine a tract of land as there is in any place in Alberta, and I have no doubt that in a few years a large area of this land will be under cultivation, and that wheat will be grown successfully. This section of country on the north side of the Peace will furnish homes for thousands of families."

"Our season has been an ordinary one, nothing exceptional in any way."

AN OTTAWA FIRE

Ottawa, Oct. 5.—Twenty-five million feet of lumber belonging to Fraser & Co., was destroyed at Des Chenes, five miles from Ottawa, today. Some women noticed the flames between two piles of wood, but there was no water available, and before they could return from the mill with pails, several piles were burning fiercely and eventually the conflagration spread over the entire piling ground. The mill was saved, but the loss is \$300,000, all of which is covered by insurance.

Did Downs Skidoo?

Unconfirmed Rumor That He Was

Did Downs Skidoo?

Some of the boys say he did, and others emit the equine guffaw at such an absurdity.
At any rate Downs is not at his address today.

The boys—who are playing Downs with a copper, say that he has contracted a violent attack of buck-ague, superinduced by the presence of Jack Akin, the unknown, in Lacombe, and at the advice of his physician, has sought a change of climate for a few days.
The other fellows say that Downs went south on the afternoon train yesterday to visit his ranch at Lacombe, and incidentally to size up the man from Montana, who is cached somewhere in the brush around those parts, and that he will be back tonight or tomorrow.

Later: The following dispatch in answer to a query by the sporting editor explains all:

Lacombe, Oct. 5.—Downs here looking over some live stock. Will be Johnny-on-the-spot.

DOWN'S.

C. P. R. WON OUT

Port William, Ont. Oct. 3.—The freight handlers strike is settled. It is practically a victory for the C. P. R. The strikers return to work for the old wages of twenty cents per hour during the day and twenty-two and a half cents at night. A bonus of two and a half cents per hour, which is usually held until the end of the season, is to be advanced at once. Fifty men are at work in the freight sheds, and four hundred more will report for duty today.

In a riot, which followed the attempt of Superintendent Bury of the C. P. R. to replace the striking freight handlers yesterday, two strikers were shot and seriously wounded and officer Taylor, chief of the C. P. R. police, was slightly hurt. Supt. Bury arrived from Winnipeg with a number of men to replace the strikers. Immediately after the cars containing the strikers arrived in the local yards they were surrounded by the strikers armed with guns, knives and clubs. Several constables, led by Chief Taylor, ordered the strikers away, whereupon the latter opened fire. The officers poured the contents of their pistols into the rioters and wounded two so badly that they had to be carried away. A spent ball from a rioter's gun grazed Officer Taylor's neck. Superintendent Bury was in the thick of the fray. He sent for reinforcements and more ammunition. After five minutes fighting the rioters took refuge behind the freight cars and sheds, and finally disappeared. Twenty-five shot guns and rifles, and two tubs of ammunition were immediately dispatched to the scene of conflict by order of Superintendent Bury. Two dozen men volunteered their services, which were accepted. The laborers brought from Winnipeg deserted at the first sight of trouble.

WINE DESTROYED

St. Catharines, Ont., Oct. 3.—The most disastrous fire ever witnessed in the Niagara Peninsula took place today when the entire plant of the Ontario Grape Growing and Wine Manu-

facturing Co., located on the old Welland canal, on the outskirts of the city, was entirely destroyed. Cox Barnes, the manager and principal owner, says the loss will be \$150,000. The cause of the fire is a mystery. The buildings were outside the fire limits and the firemen could do little to check the flames. The steam engine was used to throw water from the canal. As the great wine vaults in the cellar ignited the wine boiled and sizzled running down the incline into the canal as a stream big enough to float a boat. The water in the canal was dyed with costly fluid, fully 1,600,000 gallons being destroyed. Nine thousand dollars worth of sugar, put in a few days ago, burned.

THE MACLEOD WRECK

Gazette: Twenty minutes after twelve on Tuesday morning a wreck occurred at the junction of the new line into Macleod with the old line of the C. P. R. It appears that the new line into Macleod is the main line now and the old part is treated as a spur with the result that the freight trains passing east or west of what was formerly the main line, must stop at the junction for switching purposes. On Tuesday morning a freight train in charge of Conductor Harvey pulled out of the old station, going east. The engineer in charge was John Fairley, of Medicine Hat and M. E. Folson, was the fireman. By some oversight the engineer did not stop the train and dashed through the open switch with the result that the engine and train jumped the track and capsized. The front brakeman, George Henderson, and the fireman, both succeeded in jumping clear of the wreck but the engineer was caught by the engine falling over him and crushed to death. D. J. Campbell, coroner for Southern Alberta held an inquest yesterday, the 26th, with a jury consisting of Bland Herring, foreman, Dr. T. C. Bruce, C. McLeod, Geo. Anderson, W. F. Gay and J. MacDonald. After listening to the evidence the jury brought in the following verdict:

"That at the hour of 2:20 o'clock on the morning of September 25, 1906, John Fairley, locomotive engineer, in charge of engine No. 1465, train 82, running from Macleod to Medicine Hat, met his death in a wreck caused by said train running through an open switch at what is known as East Macleod loop switch.
"And the jurors aforesaid upon their oath further say that the C. P. R. Co. was grossly negligent in not maintaining the most modern or suitable switch at the place of aforesaid accident, and did thereby contribute cause of said accident.
"The jurors further say that in the interest of the public safety that a modern switch should be installed at the aforesaid place of accident, and that all train orders be given from one fixed office at the town of Macleod."

ANOTHER HEAD

Peterborough Examiner: Hansardful of fiery eloquence emitted by Mr. Whitney—testify to the burning zeal the once felt for removing the Educational Department from political influences. He even went so far as to oppose the appointment of a Minister of Education for fear that the taint of politics should becloud the interests it represented. The premier has bravely outlived his enthusiasm for the principle of cutting out politics—I was only warranted when he could make no use of it. He has, even his friends admit, made the License Department a ward heeler's retreat. Now the political axe has begun to swing in the academic

shades of the Education Department. Dr. Pyne, Minister of Education, with his little hatchet, has topped off the head of Dr. Colclough physician to the Deaf and Dumb Asylum, Belleville, without charge made, or investigation held, contrary to the express declaration of policy in this regard made by Mr. Whitney. No doubt this dismantling was made for political reasons—to give a place to some professional gentleman, who keeps political step with Dr. Pyne. The Whitney Government is acting, no doubt, within its powers, but is it doing the right thing in prostituting the public service to political purposes?

PRINCE LINGUE CONCERN

(Bulletin Special)
Montreal, Oct. 3.—The annual general meeting of the Lake of the Woods Milling Co. Ltd., was held at the head office of the company, Montreal, today. The report of the directors of the company for the fiscal year ending August 31, 1906, showed net profits for the year of \$275,152.12.

REVENUE GROWS

(Bulletin Special)
Winnipeg, Oct. 3.—The following are the inland revenue collections for the month of September, 1906:
1906: malt, \$6,358.15; tobacco, manufactured, \$31,422.11; tobacco, raw leaf, \$1,091.15; cigars, \$1,064.91; vinegar, \$129.93; licenses, \$108.73; malt liquor, \$67.50; other receipts \$11.38, making a total of \$110,294.46, collected on manufactured products subject to revenue for the month. In the same month last year \$100,181.87 was collected, the net increase this year over last of \$10,112.63.

EX-PRESIDENT ARRAIGNED

(Bulletin Special)
Toronto, Oct. 3.—Joseph Phillips, ex-president of the York County Loan Co., was arraigned before Judge Whitelaw in session this morning on the indictment returned against him yesterday by the grand jury. He pleaded not guilty and on application of Arthur Arden, the case was transferred to the September sittings. He pleaded that important witnesses were absent.

Calgary Alberta—Yesterday was an uneventful day in the labor situation in Calgary. The men on strike held a meeting in the evening.

The employees have had no meeting recently and say that they intend to have none. They declined to have any meeting and want to fight it out.

A large meeting of the building trade was held in Mason's hall. There were nearly 350 men present. A. S. Julian, president of the building trades, presided and the details and business of the strike were fully discussed. On opening the meeting the chairman gave a brief account of how things stood, and J. Harrison gave a full account of the inception and progress of the struggle.

A. Henderson the president of the joint carpenters' union appealed to all the men to stand firm for their rights and stick together in the cause of labor.

Mr. Carbeck, chairman of the B. F. C., in his report stated that they had received written consent of the joint carpenters to arbitrate and questions now under dispute. He also reported several ineffective attempts of the committee to get the Building Exchange to meet their committee, and he had also received refusal to arbitrate from those members of the exchange they had met. During the evening much discussion on various things took place and the meeting passed an unanimous vote of confidence in the way the strike has been handled on behalf of organized labor.

The Crop Acreage

In The Vegreville District Will Be Doubled Next Year

Vegreville, Oct. 3.—This section of the country is receiving a nice fall of rain today which will be of great benefit to our farmers doing fall plowing.

It is estimated that there will be an increase of 100 per cent. in acreage in crops next year over this. Threshing is well under way now and some of the new oats and wheat are being marketed which are of very good quality.

Mr. Story of the Story Carriage Co., Brockville, Ont., is registered at the Queen's hotel. This is his first trip through this district, and he says that it is simply marvellous the way those good towns up in this country are growing. He says that there is more new buildings gone up here in the ten months of our existence than in Brockville in the past ten years.

Miller & Co. are putting up a very substantial building on their property adjoining their old stand which is a credit to Main street and to this enterprising firm as well.

Armstrong & Bowick have dissolved partnership in the livery business. Mr. Bowick taking over the business and Mr. Armstrong retiring.

Our new mayor and councillors were sworn in last night and we will no doubt now see rapid improvements made in all things that go to make a city. Our mayor is a very progressive man and was elected to office on promises of giving us a system of water works, sewerage, fire protection, permanent sidewalks and graded streets, and with his able body of councillors the citizens look to him to fulfill his pledges.

Vermilion News

Many Brief Items From The Busy Town

Vermilion, Oct. 2.—Mr. W. R. Stewart, late proprietor of the Brunswick hotel, returned to town from his trip to the east. Mr. Stewart looks well and expects to make a stay in Vermilion.

Mr. H. V. Fieldhouse, barrister, is back from his visit to Neepawa and Winnipeg where he attended the sittings of the court. Mr. Fieldhouse reports having met many people from the States who have heard great reports of the famous Vermilion district and are heading this way.

Threshing operations are in full swing in the vicinity and the crops are turning out up to the anticipated standard. The best report we have at present is that on one farm oats have gone 75 bushels to the acre and 47 pounds to the bushel. Several other reports come almost up to this.

Mr. W. B. Cameron, editor of the Vermilion Signal left last night for Winnipeg where he has gone to attend to some municipal affairs.

The special train carrying the Canadian Manufacturers arrived here this morning on its way eastward and remained here about an hour. The Manufacturers made a tour around the town and expressed themselves astonished at its rapid growth.

Prairie fires continue to rage in the neighborhood and are a continual menace to the settler. Several of these fires seem to have been started by the engines on the C.N.R. line, and the people of the district are unanimous in thinking that the railroad officials should be approached in a decided manner with a view to having necessary precautions taken for the prevention of these fires.

The new Presbyterian church was opened on Sunday last. Rev. Forbes of Fort Saskatchewan preaching the sermon. The opening was celebrated last evening by a social which was well attended.

Mr. Middleton of Vegreville is in town with a view to organizing a lodge of the Knights of Pythias.

Mr. M. W. Hopkins, D.L.S. of Edmonton arrived from the west on last night's train.

RECOVERED THE REMAINS

Selkirk, Man., Oct. 3.—The steamer City of Selkirk arrived from Poplar Point and north of Lake Winnipeg, bringing the remains of the late Captain Hawes, who perished in the wreck of the Princess. The body was found by an Indian from Berens River named Alex Duban, among some wreckage on the north shore of Swampy Island, off which the Princess went to island. The shore about two miles from the northern extremity of the island, is revealing wreckage every day which indicates that the sunken steamer is in the way of the current and is breaking up. The remains of Capt. Hawes were discovered on September 25 and were put aboard the City of Selkirk on her returning journey.

The Only Right Steel Plate Range

Until we found out just the right way to use asbestos to keep the heat in a cooking range where it must cook the food instead of cooking the cook—every steel-plate range kept the kitchen broiling-hot. This range is a cool range—the top shield and lining is thick asbestos, so the heat stays inside the range and keeps even every hot. Food is better cooked, quicker cooked and cooked for less fuel-cost.

For Cleanly Cookery OXFORD CHANCELLOR BURNS WOOD OR COAL

Everything about it is clearly,—empty the ash-pit without fluffing ashes over everything; feed-pouch takes fuel without clutter and muss. Fuel does more cooking because this range has the right draft-control,—sensitive, easily-governed—bring a fire up quick, cool it down quick.

Opening Announcement NEW MEN'S OUT-FITTING ESTABLISHMENT

After an extensive purchasing trip during which we have selected from the best stocks of the east a most complete line of Clothing, Furnishings, Hats and Shoes we are now prepared to supply your fall and winter needs. Our Aim is to make this store the Safest Place to Trade. To obtain and hold public confidence the actions of the firm or man must merit it, not honesty for policy sake but the genuine old-fashioned kind of man to man is the key note. We aim to succeed by keeping faith with the public, giving for every dollar we receive its equivalent in merchandise. The foundation on which we will build is Quality. Money spent here will more genuine value—go further—get more style, and do more actual good service than it's possible to get elsewhere. We're not afraid to quote prices and show goods, that's our strongest point. Now you know what to expect and we will use our best efforts not to fall short of what we say.

Clothing

Nothing is so important in a man's apparel as a perfect looking suit, and we have anticipated that importance by placing in stock only the best makes.

All our Clothing has been made under our own special instructions. All coats possess the rare feature of retaining their original shapes being interlined with the best of haircloth.

The fit will be found faultless, the workmanship perfect, the styles up-to-date, and price right.

Shoes

Just to hand a shipment of the famous "American Gentleman" Shoe. There's a combination of good qualities in these shoes hard to equal.

There's style, workmanship and material in greater quantity than any shoe shown.

A feature of strength and one in which most American shoes are decidedly weak, is the superior quality of sole leather used in the manufacture.

Hats

The newest in stiff and Fedoras. To meet the increasing demand for popular priced hats, we have grouped the leading English makes that retail at \$3.00 and \$3.50, and have placed them on sale at \$2.50.

No need to tell you of the merits of the W. G. & R. Shirts. They need no introduction, being the best in Canada.

For the cool weather we are showing a nobby flannel shirt with soft folding cuff, to be worn

with a white collar. They are neat and comfortable. See our new coat shirt in latest patterns from \$1.25 up.

Collars

"Corliss Coon & Co., American Collars are 3 for 50c, and you cannot buy better made collars no matter what you pay.

Details of construction are never slighted, such as cutting away corners of inside material, so collar will fold more times in the laundry without breaking.

These things add greatly to the cost of making, but are worth their cost to us in the satisfaction you get from the extra wear.

Gloves

We handle the famous Dent's & Perrin's Gloves. Of particular value is our Mocha Gauntlet, fur-lined at \$3.00.

A special line of Dog-skin Gloves at \$1.25.

Men's Fur and Fur Lined Coats

Satisfaction in furs can be had in buying only from reliable makers, a point we have not overlooked.

If you want the best see our range of Coon and Fur-lined Coats, with Otter or Persian Lamb Collars. Our prices are the lowest in the city.

Lands Sold Well

Netted \$57,863 For 8,549 Acres Of
The Alexander Reserve Yesterday

The sale of the Alexander Indian strip off the north side of the reserve, which took place at the land office yesterday brought some handsome figures and places a comfortable sum to the credit of the Alexander band of Indians. Altogether there were 8,549 acres sold which aggregated \$57,863, an average price of approximately \$7. per acre.

The land is 35 miles north and west of the city. The official description is as follows:—In township 56 and 56, range 27, west of the 4th meridian; and township 56 and 1, west of the fifth meridian; fraction of 25 an d36, township 55, range 27; fractions of sections 1, 12, 13 and 19; sections 20, 21, 22 and 23; fractions of sections 24 and 25; sections 26, 27, 28 and 29; fractions of sections 30, 31, 32, 33, 34, 35 and 36; township 36, range 27, west of the 4th meridian and sections 24, 25, and fractions of section 36, township 56, range 1, west of 5th meridian.

The land was sold on terms of one fifth cash, the balance in four annual instalments. Out of the first payment the Indians of the Alexander band will be furnished with teams and farming implements sufficient to start their farming. Particular care is being taken to guard against improvidence on the part of the Indians, James Gibbons, Indian agent will act as trustee for them and they will all be required to sign a clause with Mr. Gibbons contracting that the teams and machinery can not be sold, but are only the property of the Indians so long as they are used for agricultural purposes.

The balance of the money realized will be placed to the credit of the band with the Indian department. On the deferred payments they will draw five per cent as per sale conditions and this money when paid in will be invested in Government bonds which pay three per cent annually. The usual practice is to leave the principal intact and derive the interest annually. Only when it is considered advisable to start the Indians in some industrial or pastoral pursuit will the department permit a draft on the capital.

The sale consummated yesterday brings very forcibly to mind the fact that it is by no means the poor Indian that the poet depicts him. The

Michael band living south of the Alexander band, have \$150,000 to their credit with the Indian department, on which they draw three per cent, or \$4,500 annually. There are 120 Indians in the band, making the annual income of \$27,500 per head and as they have considerable stock of their own ranging on the reserve and usually lease pasturage, they are by no means the poverty-stricken and disinherited aboriginals that the story book pictures them.

THE CALGARY STRIKE.

Calgary, Alberta: Meetings of all the different unions in the building trades will be held within the next 24 hours to discuss the strike situation. The different unions will then report to the building trades council regarding the advisability of declaring a general strike of all the building trades in the city.

The result will not alter conditions very materially, as work is practically at a standstill.

The bricklayers and stonemasons held a meeting yesterday and discussed the matter. They believe that the contractors by refusing to arbitrate and in that way not supplying them with work are violating the agreement recently made with them.

The contractors, on the other hand, say they are not responsible for the delay in the work; as they are prepared to give the same wages which prevailed in this city when the agreement was signed.

The report that the teamsters were out was denied at the men's headquarters. They say that these men could not strike, as a union must be formed six months before they can go out, and the local teamsters' union is not three months old yet. Of course they could strike if they wanted to, but this would be breaking the rules, and they would not receive the support of the head offices if such was the case.

The carpenters had meetings in the morning and afternoon, but only the ordinary routine business was gone through, such as committee and picket reports. The men have not yet had any more communications with the employers.

The employers are doing nothing. They say that they are taking holidays and are prepared to sit tight and watch the strike.

VICTIMS RECOVERING.

Calgary, Oct. 2.—By latest reports Ed Cole, the young man who was wounded by the Italian in Cochrane last Saturday, is progressing very satisfactorily. H. Pollard, who is an old friend of Mr. Cole returned from Cochrane yesterday and reports that he is doing very nicely.

Hewitt, the other man who suffered from the weapon of the infuriated Italian, is doing fairly well, at the general hospital.

The evidence against the Italian, who is accused of wounding Hewitt, is very clear. He had in his possession a broken knife. The other part of the blade was in Hewitt's back.

LIGHTHOUSES GONE.

New Orleans, Oct. 2.—Forty-four lighthouses were swept into the sea and lost, or were so badly damaged that no lights can be shown, and four lighthouse keepers drowned (or lost last week's storm is the summary of the report made by the United States lighthouse inspector. These lights were located on the coast and adjacent islands, between the mouth of the Mississippi River and Mobile.

From the Semi-ready Style Book.

While the young men of Canada, quickly open to modern ideas, at once adopted the Semi-ready system of tailoring, the older and more conservative men soon became as enthusiastic about it.

Why pay \$50 for a wait-to-order suit when you can get the same material better tailored for \$30? You may see just how it looks made up before you buy. Semi-ready Suits are finished to measure in two hours after the order is booked. Every suit is fashioned to fit some particular physical type.

Harold Nelson Next Week

Harold Nelson and Clifford Lane Bruce known to Edmonton people for a week's engagement in the Thistle theatre on Monday evening. They are supported by a company of fourteen. On Monday evening the bill is A Soldier of Fortune.

Mr. Harold Nelson has long been recognized as a finished scholarly actor, whose fine ideals of dramatic art, intellectual and artistic attainments, have placed him in high esteem among the Canadian people as a leading exponent of Shakespearean and romantic roles, for which his splendid voice and finished elocution, graceful yet forceful pantomime, particularly adapt

him. Mr. Bruce, so long associated with Mr. Nelson as leading man, has established an enviable reputation as possessing unusual talent and versatility. His splendid physique, handsome appearance, magnetism and fine voice combine to make him a most convincing and attractive interpreter of modern romantic roles. This season he makes his first appearance in stellar parts, a position for which his ability and popularity entitle him. Messrs. Nelson and Bruce will appear on alternate night in leading roles.

TO PREVENT FALSE REPORTS.

(Bulletin Special). London, Oct. 3.—McKenzie King, Canadian labor commissioner, is here to consult the colonial office relating to legislation to prevent the dissemination of false information concerning the Canadian labor market. The colonial office is well disposed to respect Canada's wish as realizing that the proposed action would be protection to British laborers as well as to Canada.

WOULD LIMIT THE PREFERENCE.

(Bulletin Special). St. John, N. B., Oct. 3.—The St. John board of trade unanimously adopted a strong resolution for the colonization of the port. W. Synopsis of Canadian North-West.

Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the North-West Provinces, excepting 8 and 26, not reserved, may be homesteaded by any person, the sole head of a family, or male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

Application for homestead entry or inspection must be made in person by the applicant at the office of the local Agent or Sub-Agent.

An application for entry or inspection made previously at any Sub-Agent's office may be referred to the local Agent by the Sub-Agent, at the expense of the applicant, and if the land applied for is vacant on receipt of the telegram such application is to have priority and the land will be held until the necessary papers to complete the transaction are received by mail.

In case of "personation" the entry will be summarily cancelled and the applicant forfeit all priority of claim. An applicant for inspection must be eligible for homestead entry, and only one application for inspection will be received from an individual until that application has been disposed of.

A homesteader whose entry is in good standing, and not liable to cancellation, may, subject to the approval of a local Agent, relinquish it in favor of his wife, mother, son, daughter, brother or sister, if a Canadian citizen, or of his or her living descendant of aboriginal descent.

Where an entry is summarily cancelled, or voluntarily abandoned, subsequent to institution of cancellation proceedings, the applicant for inspection will be entitled to prior right of entry.

Applicants for inspection must state in what particulars the homesteader is in default, and if subsequently the statement is found to be incorrect in material particulars, the applicant will lose any prior right of re-entry, should the land become vacant, or if entry has been granted it may be summarily cancelled.

Duties.—A settler is required to perform the conditions under one of the following parts:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.
(2) If the father (or mother, if the father is deceased) of a homesteader, resides on a farm in the vicinity of the land entered for by such homesteader the requirements as to residence may be satisfied by such person residing with the father or mother.
(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements may be satisfied by residence upon such land.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

SYNOPSIS OF CANADIAN NORTH-WEST MINING REGULATIONS

Coal.—Coal lands may be purchased at \$10 per acre for soft coal, and \$40 for anthracite. Not more than 100 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2000 pounds shall be collected on the gross output.

Quartz.—A free miner's certificate is granted upon payment in advance of \$5 per annum for an individual, and \$10 to \$100 per annum for a company according to capital.

A free miner, having discovered mineral in place, may locate a claim 1,000 x 1,000 feet.

The fee for recording a claim is \$5. At least \$100 must be expended on the claim each year, or paid to the mining recorder in lieu thereof. When \$500 has been expended or paid, the locator may, upon having a survey made, and upon complying with other requirements, purchase the land at \$1 per acre.

The patent provides for the payment of a royalty of 2 1/2 per cent on the sales. Placer mining claims generally are 100 feet square; entry fee \$5, renewable yearly.

A free miner may claim two leases to dredge for gold of five miles each for a term of twenty years, renewable at the discretion of the Minister of the Interior.

The lease shall have a dredge in operation within one season from the date of the lease for each five miles. Rental, \$10 per annum for each mile of river leased. Royalty at the rate of 2 1/2 per cent collected on the output after it exceeds \$10,000.

W. W. CORY, Deputy of the Minister of the Interior.

MINISTER ARRESTED.

St. John, Oct. 1.—H. S. Savary, a Presbyterian clergyman, was arrested at the altar in an attempt to commit bigamy through marrying one of his congregation while his wife was still alive.

ELECTION CASE IN SUPREME COURT.

Ottawa, Oct. 1.—Supreme Court being sitting tomorrow. A long list of cases are to be heard. The election appeals come first, five in all. Then there are two appeals from the railway commission, and others from Quebec and 27 from Ontario, which includes all the territory to the Pacific Coast.

DREADNAUGHT HAS IMPORTANT TRIAL.

London, Oct. 1.—Today being the first anniversary of Laying the keel plate, the battleship Dreadnaught left Portsmouth for her gun and steam trials. The admiralty attaches such importance to this that the result will be kept secret.

U.S. TROOPS LAND IN CUBA.

Havana, Oct. 1.—The brigade of marines consisting of 750 men, was landed at eight o'clock this morning from U.S. warships Kentucky, Indiana and Minneapolis, and proceeded by trolley to Camp Columbus. There was no demonstration.

DANISH KING OPENS PARLIAMENT.

Copenhagen, Oct. 1.—The Danish parliament was opened today by King Frederick. The first speech from the throne was devoted almost entirely to internal affairs of the Kingdom.

CROPS ABOVE THE AVERAGE.

Calgary Alberta: Hon. W. T. Finlay passed through the city last night from Edmonton to Medicine Hat to attend the Medicine Hat fair.

Mr. Finlay is very enthusiastic over the success of the Alberta fairs, most of which he has attended. The exhibitions have been revelations. He reports that the crops throughout Alberta will be a little above the average and that for the farmer the year has been a most remarkable one.

DISASTER ON THE LAKES.

Port Huron, Oct. 1.—An unknown steamer was foundered with the entire crew in Lake Huron, off Sanila Island, during Northwest gale.

Cleveland, O., Oct. 1.—The old wooden steamer, City of Concord, having three barges in tow, went down on Saturday night on Lake Erie, off Huron.

Three of a crew of twelve were lost.

DEPUTY SPEAKER COMES WEST.

Ottawa, Oct. 1.—Charles Mariel, M. P., deputy speaker of the house of commons, leaves next week for an extended trip through Manitoba and the western provinces.

FOSTER'S FORECAST.

Washington, D. C., Sept. 29.—Last bulletin gave forecasts of disturbance to cross continent Sept. 28 to Oct. 2, warm wave Sept. 27 to Oct. 1, cool wave Sept. 30 to Oct. 4. Next coast disturbance will reach Pacific coast about Oct. 2, cross west of Rockies country by close of 3, great central valleys 4 to 6, eastern States 7. Warm wave will cross west of Rockies about Oct. 2, great central valley 4, eastern States 6. Cool wave will cross west of Rockies about Oct. 5, great central valleys 7, eastern States 9.

The weather feature of most interest, connected with this disturbance, will be the great rise in the temperatures that will come with it and the next disturbance following it. Near Oct. 1 temperatures will be generally low, particularly in the section over which the high will then be passing. As this disturbance comes in, a change to summer temperature may be expected, continuing a week or ten days. The intensity of this storm will not be very great till Oct. 8, when it will be out on the north Atlantic and the cool wave in northeastern States. About that time another disturbance of great intensity will reach the Pacific coast. The cool wave that will cross the continent about Oct. 5 to 9 will probably not cause any frosts, but frosts will be quite general Oct. 1 to 4, and Oct. 17 to 21 north of latitude 38.

October weather will closely follow trend of the season, except that first few days will be unusually cool and temperatures will average unusually high Oct. 6 to 14. Last half of month will average cooler than usual with a little more than usual rainfall in the eastern and southern states and a deficiency elsewhere.

Temperatures of October will average below normal in eastern and southern states and above in northern states east of Rockies. Cold wave will cross the continent 1 to 4 and 17 to 21.

TURNED ON THE POWER

(Built in Special)
Fort William, Oct. 1.—The Kakabeka Falls power was turned on today by President Cockshutt of the Canadian Manufacturers' Association.

THE GOVERNOR AT KAMLOOPS (Built in Special)
Kamloops, B.C., Oct. 3.—Earl Grey received a warm welcome here today.

Strathcona.

Strathcona, Oct. 3.—Mr. J. A. Ramplin, Dominion representative of the Canadian Order of Woodmen was in Strathcona on business yesterday.

Charles H. Grant, of the firm of Rutherford, Jamieson and Mode, solicitors, returned yesterday from Calgary.

Mr. McKenzie, of Strathcona, is at present renewing old acquaintances with his Vegreville friends at Vegreville.

Mr. F. W. Johnston recently from Walkerville, Ont., and lately of Fort Saskatchewan, was visiting his Strathcona friends today.

About eighty of the members of the Manufacturers' Association registered their names in Strathcona on Saturday, when visiting the exhibition in Duggan street school.

Mr. George Groat, of Strathcona, visited the Vegreville fair last week and speaks well of the splendid progress that town is making and also regarding the success which attended the fair.

General Manager Cluston of the Bank of Montreal, accompanied by Hon. Adam Beck, of London, Ont., Miss Beck and Mrs. Redpath arrived in their special car Commonwealth, at Strathcona C.P.R. depot yesterday at noon. Mr. Cluston is on a tour of inspection of the branches of the Bank of Montreal in the West.

The Misses Jean and Ethel Lynn visited their father at Vegreville last week and also attended the fair on Friday.

Contractor Congdon is making rapid progress with the new separate school and also with the priest's residence, which he took over on account of the illness of Contractor Page.

Mr. N. C. Lloyd, head miller for Edmonton Milling Co., has returned after a three months' holiday spent with his family at Lanark, Ont. While in the east Mr. Lloyd spent an enjoyable holiday camping on the banks of the Mississippi river.

Mr. W. F. Burgard, a representative of the Robb Engineering Co., of Amherst, N.S., has arrived here to superintend the installation of the 200 h.p. boiler in the Strathcona electric power house. Traction engines will be used to haul the boiler to the power house.

A six-horse grader has been employed leveling the streets during the past week.

It is gratifying to learn that Mr. Alf. Gray, who was accidentally shot recently is rapidly recovering.

Editor Jas. Hamilton McDonald of the Plaindealer left Tuesday afternoon for Vancouver on a business trip.

LOCAL ITEMS

A lodge of Elks has been formed in Calgary.

Grading operations are being carried on on Second street.

Mr. Wm. McCann of Calgary is paying a short visit to friends in town.

The date of the hospital ball has been changed to Tuesday, October 16th.

A splendid picture by Henry Long, a promising local artist, is on exhibition in the show window of McIntosh & Campbell's furniture store.

Mr. and Mrs. J. M. Craig of Calgary arrived here yesterday morning where they intend to reside in the future. Mr. Craig is employed by the C.N.R.

The basement of Mr. Richard Seccombe's new house, corner McKay and Fifth street is finished and the sleepers are laid. The house will cost \$25,000.

Mr. A. W. Cameron is rushing the work on his new theatre on Jasper avenue and has booked a splendid show company for the opening on the 11th and 12th of October.

The Liberal executive will meet this evening at the home of the Young Liberal Club at 9 o'clock. All members of the executive and all those selling tickets for the Oliver banquet are requested to be present.

Mr. Leslie White, of Sydney, C. B., is in the city today. He is representing the White Kennedy Co., of St. John, N. B., and is looking over the business situation.

J. M. Nichols, secretary-treasurer of the Newspaper Artists' society, Ottawa, and D. McElithe, cartoonist Ottawa Journal, are in the city with a view to collecting material for the society's book of cartoons. Mr. Nichols will interview the leading gentlemen of Edmonton during the course of their stay.

The C.P.R. announce a rate of 24¢ from Strathcona to New Westminster or Vancouver in connection with the provincial exhibition at New Westminster. Tickets on sale Sept. 23 to October 3 and good to return until October 11th. Tickets at correspondingly low rates from other Alberta points. For further particulars apply at the local ticket office.

Calgary, Alberta.—What should have been a record month, the building permits for September only reached a total of \$4 with a value of \$118,830 due no doubt to the strike which is now on. Building Inspector Hornby, who is acting for Chief Smart, said the applications were coming in fast during the first part of the month, but as soon as the strike was on they fell off considerably.

Among the visitors in the city today are Joseph Robinson, of Vermilion, and bride. The ceremony took place yesterday at the residence of Hugh Duncan, Strathcona. The Rev. Fleming officiating. "Joe" is one of Vermilion's most active real estate men, and a land guide with hosts of friends all through the country. Mrs. Robinson was Miss Minnie McLeod, of Vanklue Hill, Ontario, which place was also Mr. Robinson's former home. Mr. and Mrs. Robinson will reside at Vermilion.

SOCIAL AND PERSONAL

Dr. Clendenan, provincial medical health officer, arrived home last evening.

Hon. F. Oliver left Winnipeg per C.N.R. yesterday and will reach Edmonton tonight.

Mr. P. E. Butchart, who with his family, has been spending the summer at Grimsby on Lake Ontario, is expected home next week.

Mrs. G. W. Massey will receive for the first time on Friday morning at 10 o'clock before J.P.'s Wilkie and Company. The case was put forward by the prosecution was that Mr. Stewart had obtained the loan of a horse from Mr. Robertson and had afterwards sold it without authority to Mr. Maggs and had not paid anything to Mr. Robertson on account of the sale. The J.P.'s after some consultation then committed the accused to stand for trial at the sittings which are to be held on the 30th of October.

Mrs. H. H. Knight will receive at her home, 238 Eighth street on Friday afternoon October 5th and afterwards the 1st Friday of each month.

VERMILION

Vermilion, Oct. 3.—The preliminary hearing in the case of Maggs vs. Stewart was resumed this morning at 10 o'clock before J.P.'s Wilkie and Company. The case was put forward by the prosecution was that Mr. Stewart had obtained the loan of a horse from Mr. Robertson and had afterwards sold it without authority to Mr. Maggs and had not paid anything to Mr. Robertson on account of the sale. The J.P.'s after some consultation then committed the accused to stand for trial at the sittings which are to be held on the 30th of October.

Colonel Hughes has unloaded his traction engine and had it working today. The Colonel intends to do considerable steam ploughing on his land near town this fall.

HORSE KILLED.

A disastrous runaway occurred this morning, when a team belonging to the City Transfer Co. ran away, one of the horses breaking its hind leg so badly that it had to be shot.

The driver had driven the team over from Strathcona, and stopped at the company's offices on McDougall street. The driver left the team tied with the weight and went inside, when the runaway occurred. The team turned the corner, and ran east on Jasper avenue, colliding with a gravel wagon belonging to Alex. Bernier, and knocking a spoke out and damaging the hind wheel. The collision threw one horse down, causing the other to be thrown over it and under a wagon, belonging to W. Clarke, upset the bus, and smashed the front wheel to pieces.

Dr. Pickering examined the broken leg, and decided the animal should be shot. The company at once sent for one of their teams and removed the dead animal and wreckage.

TEARS, BUT NOT OF PENITENCE

Mail and Empire: "A writer in the Cleveland Plain Dealer has some very kind things to say about the Cleveland 'citizens who are of Canadian birth.' There are no fewer than 30,000 of them, and he intimates that they are 'the very salt of the earth, not only in Cleveland, but in every part of the United States where they are found.' In fact, the writer shows such good judgment that one might suspect 'him of being a Canadian himself,' were it not for one or two minor errors, which it would be capacious to correct. That the Canadians are a 'power in Cleveland is strikingly illustrated in the fact that they comprise more than fifteen per cent. of the city's voting strength. They appear to have developed, moreover, a taste for official positions and office-holding that makes them a still more important factor than their voting strength would indicate, and at the same time shows how remarkably they are adapting themselves to the conditions that prevail in the land of their adoption."

Concluding a column in similar strain of the Canadian-born residents of the Ohio city, the Mail and Empire says, 'The figures and facts above quoted merely establish what we have long suspected, namely, that the Canadians show a higher average of good qualities than any other race on earth.'

It is a pity the friends of the Mail and Empire had not "suspected" this twenty years ago. Had they done so, these 30,000 Canadian-born men whose energies are going to the upbuilding of a metropolis on the southern border of Lake Erie, might have been developing industries and expanding commerce on its northern shore or founding cities in the great Canadian West. Weeping over the exodus of Canadians to the United States is a useless but fitting occupation for the Mail and Empire, but it would bear greater semblance of sincerity if it were coupled with a penitent repudiation of the "national policy" which made it impossible for Canadians to earn a living in the land of their birth.

ENDORSE THE BYLAW

Tomorrow the ratepayers vote on a bylaw authorizing the city council to borrow \$75,000 for the purchase of the Grand Trunk Pacific right of way from Syndicate Avenue to First Street. The provision of this right-of-way is a condition of the agreement made by the council with the railway company and is the only unauthorized condition undertaken by the council, authority for the bonus having been given by the ratepayers some time ago. The passage of the bylaw will therefore enable the council to finally and definitely close the proposition while the rejection of the bylaw would be preventing the council fulfilling its share of the agreement also relinquish the company from its obligations, and throw open again the whole question as to where the road would cross the river, from which direction it should approach and how it would traverse the city and where its terminal facilities should be located.

The question is therefore a broader one than the approval of all the details of the agreement. The choice as to now stands is not between the present agreement and a better agreement, but between the present agreement and no agreement at all. And in the latter case we have no assurance that we should be able to secure an alternative agreement on easier terms, or of more satisfactory character, but have the best of reasons for doubting whether we should be able to do so.

That the course of the railway to and through the city and the location of its terminals should be determined by agreement with the city is unquestionably desirable, and it is also unquestionable that these are the two main considerations of such agreement from the city's standpoint. Both these questions are definitely settled in probably as satisfactory manner as procurable, and on this ground the agreement should be endorsed.

The sum asked for in the bylaw is somewhat in excess of the cost of the 33 foot strip, the council considering it "more economical and expedient" to purchase "larger portions of land than merely sufficient to buy such right of way," and to "hold the surplus portions for the purpose, as occasion shall arise, of selling or leasing the same on favorable terms to industrial concerns requiring sites, with convenient railway facilities for the purposes of

"their business," or to "deal with or dispose of them from time to time as the council shall deem most advantageous to the general interests of the corporation."

The intention is apparently to acquire not only the 33 feet actually required for the railway tracks, but the entire lots encroached upon by the right-of-way. This course was probably shown to be the "more economical and expedient" by the city's previous experience in purchasing a right-of-way for the Canadian Northern. To take only the portion of the lot required for the railway would destroy the residential value of such property, and also the value as locations for ordinary business purposes. The surplus property thus procured the council proposes to put to excellent use by reserving it until required for sites for industries requiring convenient railway facilities.

CURRENT COMMENT

The Journal deals with the Federal electoral system again, bringing out two points. 1. That the Journal procures its editorials on the mail order plan from some central distributing agency; 2. That the Bulletin expressed approval of the present system. The first statement is probably correct; the latter could not be further from the truth.

The Regina Leader says: "The announcement, which appeared in our 'news columns on Thursday, that the 'provincial government has for some time past been working out the details of the work to be entrusted to the commission of enquiry into the 'question of municipal government and 'taxation is gratifying, as foreshadowing in the very near future the creation of machinery for municipal government adapted to the needs of such a rapidly developing country as Saskatchewan. There has been a growing feeling in the province that the time has arrived when the crude, illogical system or lack of system, which has existed should be swept away and a complete comprehensive and up-to-date system inaugurated. The old municipal ordinance is, and has been for some years past, a disgrace to the country. It is in many respects a meaningless jumble of clauses, illogical, inconsistent, and oftentimes in direct contradiction to other existing laws. And it falls altogether to meet the requirements of the rapidly growing cities and towns of the province."

Ottawa Free Press: "Edmonton, although the youngest of our Canadian cities is showing an enterprise in advertising itself to the world, which would put many of our Eastern cities to shame. With less than one-fifth the population of Ottawa, and a total assessment of but one-eighth that of this city, Edmonton last year expended nearly \$10,000 in advertising and celebrations. More than half of this sum for \$5,584.15 were expenses incurred in connection with the establishment of the Alberta capital, which shows that in the fight with Calgary for the honor of being the capital city, money was freely and judiciously spent. The expenses of the delegation to Ottawa to lay the claims of Edmonton before the government alone amounted to \$1,317. In addition to the sums mentioned there was a direct outlay of \$3,948.50 towards advertising the city. Of this amount \$2,500 was handed over to the board of trade for expenditure in making the city known far and wide. Another grant of \$500 was made to the Western Canada Immigration Association for a similar purpose. For advertising done, the city considered it had received good value, and is disposed to increase the expenditure in that direction. It is such progressiveness explains the growth and prosperity of the western cities, so strikingly portrayed in the recent census returns."

THE PUBLIC HEALTH
Calgary Alberta: If Dr. Clendenen, the provincial health inspector, had his way, and the changes he recommends are made it may mean a thing or two for the sewage system of Calgary and Edmonton and other cities and towns which pursue the same plan of draining the sewage into the rivers.

"We have no regulations at the present time, worth speaking about," said Dr. Clendenen to the Albertan. "The old territorial regulations under which we are working provided for protection against smallpox and very little else. When we get things in good order, order, there will be many changes, some of them being better sanitation for cities, towns and villages."

He protested against cities and towns like Calgary and Edmonton dumping sewage into the rivers and poisoning the river for some miles below. He did not indicate what reforms he intended to make in this line, but there would be some changes.

"We are hearing of complaints about typhoid. It is all due to the lack of sewage systems. Some of the towns are very bad, very bad. This will all be rectified. The cause of the typhoid is not so much the water as the unsanitary method of disposing of sewage."

Dr. Clendenen described the method he intended to adopt to stop all this. Dr. Clendenen intends also to lay a proposition before the legislature for the complete eradication of the dread disease of consumption. He would either place an embargo upon consumptives coming into this province, or he would have the Dominion establish sanitariums in which people afflicted with tuberculosis should be sent.

Then he would treat this tuberculosis as any other contagious disease. When the local health officers reported a case of tuberculosis, he would have that person isolated.
